History

Rocky Christian School has a long history, and owes its existence to the work of some very dedicated parents. In the early 1950s a group of parents began discussing the need for a Christian School in Rocky Mountain House. Eventually a 3.8 acre parcel of land behind the arena was purchased which is the present location of the school.

Rocky Christian School officially opened in 1970. There were 38 students enrolled from grades 1 to 5. By 1974, grades 6 through 9 had been added to the school. In the years following, the school expanded to include five new classrooms, a gymnasium, and computer lab. The school includes students from many of the churches in the community.

Rocky Christian School strives to provide a biblically based curriculum which nurtures the unique gifts of students and prepares them for lives as disciples of Jesus. Everything we do reflects a Christian perspective. The entire curriculum at Rocky Christian School meets the requirements of Alberta Learning.
